IN SUPPORT OF MR. PINGREE

gree's Numerous Qualifications for the Office of Governor.

DETROIT, July 5 .- The citizens' campaign committee, which was organized at the mayor's office last Friday night to promote the candidacy of Hazen S. Pingree for governor, today issued the following circular: To the Electors of the State of Michi-

As representatives of the people, and not in any way intending to speak from motives of political policy, but simply in the interest of good government and an honest administration of the executive affairs of this state, we desire to lay before you some reasons in favor of the selection of the Hon. Hazen S. Pingree to fill the office of governor; and we do this without any intention of depreciating the merits or ability of any other person who may be a candidate for this office.

Mayor Pingree having spent his youth and early manhood in agricultural pursuits, rose from honest poverty to honorable affluence by patient labor and maniy dealing.

A man of the people, he has ever held their rights sacred, and protected them conscientionaly whenever they were committed to his care.

In the conflict between labor and orgamzed capital in this city while he was executive officer, he accomplished a lasting peace honorable to both parties, without sacrificing the rights of the one, or numinating the dignity of the other, and was respected by both. By his impartial and just administration of the duties of mayor of this enty, he has won the admiration of political friends, and compelled the esteem of political foes.

As a soldier of the republic, he was brave upon the field of battle, and patient in the prisons of the enemy.

and trust him.

Twice elected mayor of a city where the adverse political majority was great, he has vindicated his right to be called a man of the people against the politican, and his subsequent administration has confirmed the people's judgment.
